Hi pH

2B CLEAN • Hi pH Pre-Soak

Versatile yet economical makes this product a popular choice amongst touch-less car wash operators. High foam yet fast rinsing. Effectively removes road film and grime safely.

ADD HI • Hi pH Detergent Booster

Alkaline solution increases the pH value of other detergents when used in a dual draw system.

BLAST OFF • Hi pH Detergent

Super-concentrated amounts of high foaming and cleaning detergents with good alkalinity blankets surfaces with citrus scented, cleaning foam when used in high pressure wands and is very effective in lava foamers, standard foamers, foaming brushes and pre-soak arches in friction washes.

CLING ON • Bug Removing Gel

Thickens to a spray-able gel when diluted allows it to "cling" to surfaces for better softening of the bug. Safe on all surfaces, stays wet on hot and sun exposed surfaces longer due to the gel form.

DISSOLV-IT • Hi pH Pre-Soak

Super-concentrated blend of alkali's, surfactants and butyl solvent makes this a very effective solution that removes heavy build-up of road grime, oily film, bugs and brake dust. Creates high foam that rinses easy.

FLY AWAY • Express Bug Remover

High alkaline, special detergents and mild solvents creates a fast acting solution loosening bug remains, bird droppings and grime quickly for "on-the-go" cleaning. Excellent for express washes!

HARD LINE • Hi pH Pre-Soak

Our 2B Clean formula that is infused with extra water conditioners to handle extremely hard water preventing performance hindering scale build-up. High foaming yet fast rinsing!

HI-N-MIGHTY • Hi pH Pre-Soak

Super-concentrated amount of alkaline and special detergents to break through extreme build-up of film, dirt and grime on vehicle surfaces. Should be used in soft water conditions for best performance.

HI TIME • Hi pH Pre-Soak

Broad spectrum detergent system helps remove an array of tenacious road film and grime from vehiclesurfaces! Produces moderate foam and doesn't contain solvent or butyl's.

LONESTAR • Hi pH Pre-Soak+Detergent

Unique car wash detergent with pre-soak properties makes this the only alkaline detergent you'll need to successfully prep and clean vehicles in automatic soft touch washes!

MARVEL • Hi pH Pre-Soak

Special degreasing and cleaning detergents create a very effective product for removing film and grime from vehicle surfaces. Produces moderate foam and doesn't contain solvent or butyl's.

SUPREME CLEAN • Hi pH Pre-Soak

Non-caustic formula makes this "a-go-to product" when surface and customer safety is a concern. Superior detergency and mild solvents penetrate tough road grime and oils. High foaming and citrus scented.

LO pH

ADD LO • Lo pH Detergent Booster

Acidic solution improves the performance of other lo pH products when used in a dual draw system.

AUTOBRITE • Lo pH Detergent

Economical car wash shampoo produces good lubrication, cleaning and high foam while providing a lo pH to enhance drying and overall shine of vehicle surfaces!

AUTOBRITE MAXX • Lo pH Detergent + Pre-Soak

Heavy-duty formula delivers maximum cleaning and brightening performance. A blend of acids and detergents penetrate, dissolve and lift heavy build-up of grime, particulate and mineral type soils. Surfaces will be smoother and shinier as a result. Creates nice foam that rinses away fast. Safe on all surfaces and equipment as it does not contain HF or ABF.

AUTOBRITE XP • Lo pH Detergent

Boosted acidic value and concentrated surfactants produce a fast acting solution that produces cleaner, drier and shinier vehicle surfaces in friction or friction-less washes. High foaming with good lubrication.

COMPLETE CLEAN • Heavy-Duty, Lo pH Pre-Soak

Heavy duty, lo pH formula is a must have when all else fails. Boosted with HF and other acids to quickly dissolve the toughest grime from windows, bodies and metal! Sales Restrictions!

SHOW TIME • Lo pH Mega Foaming Detergent

Special detergent creates that desired foaming effect while providing a lo pH. Use in lava foamers, foaming brushes or standard soap foamers. Brightly colored red, blue, yellow or white foam with orange scent increases excitement during the wash process!

SUPERB • Lo pH Pre-Soak

Effectively and safely removes mineral deposits and road grime from glass, bodies and chrome. Produces a nice foamy coat with orange scent. Contains no: abf, hf acid or sulfuric acid.

TRITON • Lo pH Pre-Soak

Heavy-duty formula safely removes heavy build-up of road grime and mineral deposits from vehicle surfaces. Easy on equipment as it does not contain harsh acids like Sulfuric, ABF or HF. Orange solvent provides a nice scent while boosting cleaning performance.

NEUTRAL

SALT STOPPER • Salt Neutralizer

Unique formula removes various types of salts and stops it from causing harmful corrosive effects on all types of vehicles, snowmobiles, ATV's and other equipment. Does not contain free acid or caustics.

SUDS UP • pH Balanced, High Lubricity Detergent

Professional formula provides deep cleaning and lubricity making it the choice for detailers and automatic friction washes looking to get better performance from their car wash soap. Long-lasting suds makes it an excellent mitt or bucket soap. Available with tropical scent.

HANDS IN • Skin Safe Soap

Special car wash soap formulated to be easy on the hands and skin, yet offers exceptional cleaning performance. Super-concentrated and mildly scented.

TRIAD® DETERGENT SYSTEM

TRIAD, HI v1 • Alkaline Solution

Ultra-concentrated alkaline blend removes oily road grime, bugs and bird droppings from vehicle surfaces. Must be used with our Triad® detergent blends to make a customizable cleaning solution for any type of vehicle wash. Should be used in soft water systems.

TRIAD, HI v2 • Alkaline Solution

Ultra-concentrated alkaline blend contains extra additives and hard water agents for overall better performance in soft or hard water systems. Must be used with our Triad® detergent blends to make a customizable cleaning solution for any type of vehicle wash system.

TRIAD® D-100 • Detergent-Solvent Blend

Blend of foaming and cleaning detergents with butyl solvent to be used with Triad® Hi or Lo in a dual draw system to create custom cleaning solutions. Economical and citrus scented. Use in friction or friction-less vehicle washes.

TRIAD® D-105 • Detergent-Solvent Blend

High performance blend of foaming and cleaning detergents with butyl solvent to be used with Triad® Hi or Lo in a dual draw system to create a custom cleaning solution. Use in friction or friction-less vehicle washes.

TRIAD® D-110 • Detergent-Solvent Blend w/ Orange Solvent

High performance blend of foaming and cleaning detergents with butyl and orange solvent to be used with Triad® Hi or Lo in a dual draw system to create a custom cleaning solution. Use in friction or friction-less vehicle washes.

TRIAD® D-120 • Detergent-Solvent Blend

Specially charged surfactant blend and butyl solvent targets traffic film and offers superior degreasing and cleaning properties for friction-less washes. To be used with Triad® Hi or Lo in a dual draw system to create a custom cleaning solution. High foaming yet rinses and crashes quickly. Reclaim compatible.

TRIAD® LO v1 • Acid Solution

Ultra-concentrated solution utilizes a blend of inorganic and organic acids to safely remove stubborn road grime and mineral deposits from vehicle surfaces. Must be used with our Triad® detergent blends to make a customizable cleaning solution for any type of vehicle wash.

TRIAD® LO v2 • Acid Solution

Ultra-concentrated solution utilizes a blend of organic acids to safely remove stubborn road grime and mineral deposits from vehicle surfaces. Must be used with our Triad® detergent blends to make a customizable cleaning solution for any type of vehicle wash.

U-BLEND IT® KITS & ADDITIVES

U-BLEND-IT® A-30G • Lo pH Kit

2-part, all liquid kit creates a 30-gallon drum of concentrated acidic pre-soak for touch-less or friction washes.

U-BLEND-IT® CWS-30 • Car Wash Detergent

5-gallon pail makes a 30-gallon drum of thick, concentrated neutral pH car wash soap.

U-BLEND-IT® FB • Foam Booster

Adds more foaming property to any of our wash kits.

U-BLEND-IT® HD-30 • Hi pH Detergent

2-part kit creates a 30-gallon drum of concentrated alkaline detergent for touch-less or friction washes.

U-BLEND-IT® HD-55 • Hi pH Detergent

2-part kit creates a 55-gallon drum of concentrated alkaline detergent for touch-less or friction washes.

U-BLEND-IT® LPH • Lo pH Detergent

2-part, all liquid kit creates a 30-gallon drum of concentrated acidic detergent for touch-less or friction washes.

U-BLEND-IT® NC PLUS • Non-Caustic, Hi pH Detergent

2-part kit creates a 55-gallon drum of concentrated alkaline detergent for touch-less or friction washes.

U-BLEND-IT® SB • Detergent Booster

Adds more cleaning power and degreasing property to any of our wash kits.

U-BLEND-IT® TWC • Hi pH Tire Cleaner

2-part, all liquid kit creates a 30-gallon drum of concentrated, yellow-green foaming tire and wheel cleaner.

U-BLEND-IT® PF • Pure Fragrance

Cherry, Citrus or Evergreen adds a nice scent to our wash kits for a more enjoyable wash experience.

RECLAIM WATER CARE

PIT DEODORIZER • Ultra-Concentrated Deodorizer

Special blend of quaternary compounds immediately deodorizes the water while a cherry type additive produces a lasting fragrance to your reclaimed water making the wash process more enjoyable to customers entering the wash. Not for use in biological reclaim systems.

PIT POTION • Ultra-Concentrated Liquid Bacteria

Special blend of bacteria consumes organic matter and petroleum keeping reclaim water clearer and odor free.

RECLAIMAGIC SYSTEM • Reclaim Water Clarifier & Odor Control

Unique slow dissolving bacteria tablet system effectively restores and maintains reclaimed water. Simply add a slow dissolving tablet to the submersible holder and pour one packet of nutrient powder in the reclaim once per week. Order the "Start Up Kit" to get all the items you'll need for only the first time and follow the instructions; then use the "One Month Combo Packs" after that to maintain your water each week for the entire month.

SELF SERVE

APPEAL-N-SEAL • Foaming Sealant

Produces light blue, fast breaking foam with an appealing grape scent when applied with high pressure wands or with low pressure air injected spray. Rapidly beads water, improves gloss and provides lasting protection!

BERRY BLITZ • Foaming Brush Detergent

Red foaming brush detergent with berry scent.

BLUE RAZZ • Foaming Brush Detergent

Blue foaming brush detergent with blue-raspberry scent.

BLAST OFF • Hi pH Detergent

Super-concentrated amounts of high foaming and cleaning detergents with good alkalinity blankets surfaces with citrus scented, cleaning foam when used in high pressure wands and is very effective in lava foamers, standard foamers, foaming brushes and pre-soak arches in friction washes.

E.T. CLEAN • Hi pH, Engine & Tire Cleaner

Produces fluorescent yellow-green foam and evergreen scent for maximum user appeal. Quickly cuts through brake dust, oils, grease and grime.

GRAPE ESCAPE • Foaming Brush Detergent

Purple foaming brush detergent with grape scent.

HPS • High Pressure Detergent

Creates lots of clinging foam with a clean-breeze scent. Gently removes abrasive soils and grime.

MANGO TANGO • Foaming Brush Detergent

Green foaming brush detergent with mango scent.

PURPLE POWER • Hi pH, Purple Pre-Soak

High foaming pre-soak produces citrus scented, purple foam that quickly loosens road grime, bird droppings and bugs! Non-corrosive.

SALT STOPPER • Salt Neutralizer

Unique formula removes various types of salts and stops it from causing harmful corrosive effects on all types of vehicles, snowmobiles, ATV's and other equipment. Does not contain free acid or caustics.

SUB ZERO • Winterized Foaming Brush Detergent

Methanol based anti-freeze brush protects to -38F. Red, Blue, Yellow, Purple, Green and No dye! High foaming and has an orange scent!

WHITE FOAM • Foaming Brush Detergent

Un-dyed foam with appealing apples-n-oranges scent.

TRIPLE AGENTS

COLOR GUARD • Foaming Polish Wax

Produces rich foam infused with carnauba wax cleans, improves shine and repels wash water. Vibrant red, blue, green, purple and yellow colors with a tropical scent.

CONDITIONER • Lo pH Foaming "Cleanser"

Creates a rich, lo pH foam that cleans and shines! Cherry fragrance and vibrant red, blue and yellow colors are appealing to all customers! Apply this in the cleaning section of the vehicle wash. Does not contain wax or silicone.

FLORO FOAM • Foaming Protectant

Silicone-polymer infused foam coats vehicles with vibrant pink, blue, yellow, purple and green colors and blue-raspberry scent! Foam crashes fast preventing rinsing issues. Repels water when rinsed leaving behind exceptional gloss and beading effect.

SHOW TIME • Lo pH Mega Foaming Detergent

Special detergent creates that desired foaming effect while providing a lo pH. Use in lava foamers, foaming brushes or standard soap foamers. Brightly colored red, blue, yellow or white foam with orange scent increases excitement during the wash process!

TIRE AND WHEEL CLEANER

BACKBRITE PLUS • Acidic Wheel Cleaner

Special acidic formula boosted with ABF to enhance the removal of flash rust, brake dust and film from chrome or mag. wheels. High foaming and has a very low odor profile which reduces obnoxious fumes and complaints.

H.D. WHEEL BRITE • Heavy-Duty Acidic Wheel Cleaner

Heavy-duty blend of Sulfuric and Hydrofluoric Acids is a must have for detail shops who need to remove rust, oxidation and baked on brake dust from wheels. Foams pink for application awareness.

INSTA-WHITE • White-wall Cleaner

Water-based, solvated detergent instantly returns the dirtiest white-letters and walls back to a "new" appearance without having to brush!

KWIK SHOT • Hi pH Cleaner

A quick shot of this cleaning solution produces clean wheels, "bleach like" white letters-white walls and super black tires! Orange solvent provides extra cleaning power and a pleasant scent!

SUPREME CLEAN • Hi pH Cleaner

Mild cleaner reduces concerns when it comes to cleaning wheel surfaces as it does not contain hydroxides. Removes brake dust, cleans tires, brightens white-letters and white-walls.

WORKS PLUS • Hi pH Tire & Wheel Cleaner

Powerful, high foaming cleaner removes baked on brake dust, oily soils and helps to pull of silicone that has bronzed restoring the tire to it's original black appearance.

4WD • Hi pH Tire & Wheel Cleaner

Powerful, high foaming cleaner with extra solvent removes baked on brake dust, oily soils and helps to pull of silicone that has bronzed restoring the tire to it's original black appearance.

DRYING AGENTS

FINISH DRI • Superior Beading

Super-concentrated, formulated to rapidly bead wash water on contact for easier removal with forced air driers making it the choice for high line speed conveyors with limited drip space. Extremely stable and consistent performance with low use rate per vehicle.

H2OFF • Sheeting + Beading

Formulated to offer rapid sheeting of wash water as well as keeping beads fewer and larger makes this a great choice for washes with long drip space, towel drying and in-bay automatics where getting the most water off the surface is critical. Available with berry scent.

THE DRYING AGENCY 777 • Polymer Drying Agent

Infused with polymer technology which instantly penetrates and repels the wash water from old or new finishes without using mineral seal oil. Keeps the water bead "rounder" allowing for explosive run off creating a near perfect dry every time with fewer spots. Vehicles will dry easier on the following visits to the wash.

PROTECTANTS

PLATINUM PROTECTANT • Premium Sealant

Chemically bonds to clear-coats and glass producing durable protection that is not easily removed with detergents and enhanced shine. Orange creme scent appeals to customers during application.

SHINE ON® • Foaming Carnauba Wax & Shine

Advanced foaming polish contains carnauba wax, gloss enhancers and protective silicone-polymers in order to produce a "just waxed" look and feel on vehicle surfaces! Yellow, red, blue, purple or green colors with a peachy paradise scent is sure to appeal to all customers!

SUPER SEALER • Drying Agent + Sealer

Combination product rapidly repels wash water acting as a drying agent, while depositing protection and shine like a sealant. Orange creme scent appeals to customers during application.

TOTAL SHIELD® • Total Body Protectant / Rain Repellent

Durable silicone-polymer technology creates a lasting coating that repels rainwater, makes the next cleaning easier, enhances surface gloss and protects against corrosive road salts, UV rays and more. Can be made with yellow dye for customer awareness. Unique pomegranate-grape scent!

TOTAL SHIELD EXTREME® • Total Body Protectant / Rain Repellent

Extremely durable silicone-polymer technology creates a very long-lasting coating that offers superior protection, shine and smoothness to paint/clear-coats. Will last for several weeks. Unique pomegranate-grape scent and can be made with yellow dye for customer awareness.

TOTAL SHIELD® "TF" • Total Body Protectant / Rain Repellent

Formulated for use in touch-free automatics or in unlimited wash passes where a less durable product is desired. Creates exceptional shine and great water beading that does not build-up if applied very frequently. Purple foaming and grape scented!

2XC OR 3XC ULTRA CONCENTRATES

ALL DRI • Drying Agent - Beading

Water-less drying agent can be diluted on-site to make regular concentrate or can be used as is at super lean ratios. This product beads water on contact making it exceptional for high line speed conveyors or short drip spaces.

ALL DRI SE • Drying Agent - Sheeting

Water-less drying agent can be diluted on-site to make regular concentrate or can be used as is at super lean ratios. This product sheets water on contact and if it does bead they stay fewer and larger making it exceptional for towel drying, longer drip spaces and with flash driers.

AUTOBRITE XP 3XC • Lo pH Detergent + Pre-Soak

Hybrid car wash detergent with pre-soak properties produces faster/deep cleaning results in friction washes.

CHERRY FOAMER 3XC • Neutral pH Detergent

Produces lots of cherry scented cleaning foam for use in hand or automatic friction washes.

COLOR GUARD 3XC • Foaming Polish

Produces rich foam infused with carnauba wax cleans, improves shine and repels wash water. Vibrant red, blue, green, purple and yellow colors with a tropical scent.

CONDITIONER 3XC • Foaming Cleanser

Creates a rich, lo pH foam that cleans and shines! Cherry fragrance and vibrant red, blue and yellow colors are appealing to all customers! Apply this in the cleaning section of the vehicle wash. Does not contain wax or silicone.

DRI N SHINY 3XC • Drying Agent + Sealant

Berry scented, combination drying agent + sealant leaves vehicles dry and shiny.

FOAM N SOAK 3XC • Hi pH, Foaming Pre-Soak

High foaming detergent with citrus scent for use in friction car wash applications removes soils, bugs and grime.

FOAM BRITE 3XC • Lo pH Car Wash Detergent

Produces rich, lathery acidic cleaning foam leaving surfaces clean and shiny.

FOAMING BRUSHES 3XC

Big Apple 3XC (green), Blue lagoon 3XC (blue), Cherry Charged 3XC (red), Cool Colada 3XC (yellow), White Foam 3XC (no dye).

FOAMY SEALANT 3XC • High Pressure Foaming Sealant

Grape scented, clear coat sealant produces fast breaking foam when applied in high pressure applications.

HPS-3XC • High Pressure Detergent

Clean Breeze scented, high sudsing liquid for use in high pressure wands.

PLATINUM PROTECTANT 2XC • Clear Coat Protectant

Chemically bonds to clear-coats and glass producing durable protection that is not easily removed with detergents and enhanced shine. Orange creme scent appeals to customers during application.

PURPLE PRE-SOAK 3XC • Self-Serve Pre-Soak

Exciting purple foam and citrus scent. Easily removes bugs, road film and grime. Use in self-serve or soft touch washes!

SHOW TIME 2XC • Lo pH Mega Foaming Detergent

Special detergent creates that desired foaming effect while providing a lo pH. Use in lava foamers, foaming brushes or standard soap foamers. Brightly colored red, blue, yellow or white foam with orange scent increases excitement during the wash process!

ULTRA CONCENTRATES

SUPER SEALER 2XC • Drying Agent + Sealer

Combination product rapidly repels wash water acting as a drying agent, while depositing protection and shine like a sealant. Orange creme scent appeals to customers during application.

SUPER SUDS 3XC • Neutral pH Detergent

High foaming detergent lubricates and offers deep cleaning properties making it perfect for hand washing or automatic friction washes.

TOTAL SHIELD® "TF" 3XC • Total Body Protectant / Rain Repellent

Formulated for use in touch-free automatics or in unlimited wash passes where a less durable product is desired. Creates exceptional shine and great water beading that does not build-up if applied very frequently. Purple foaming and grape scented!

ULTRA DYES • Liquid Dyes

Inject these dyes using a dual-draw port to color any solution. Several forms of Blue, Red, Yellow, Purple, Green, Neon-Green that is stable to inject with all types of chemistry.

ULTRA GREEN TC 3XC • Hi pH, Tire & Wheel Cleaner

High foaming alkaline detergent for use in CTA or self-serve wash equipment. Evergreen scented and yellow-green dye for maximum customer appeal!

ULTRA SOAK HI 3XC • Hi pH Pre-Soak

For use in friction-less automatics and conveyor washes. Effectively removes road grime, film, bugs and soils.

ULTRA SOAK LO 3XC • Lo pH Pre-Soak

For use in 2-step friction-less automatics and conveyor washes. Cleans and brightens. Safe on all surfaces.

ULTRA TC 3XC • Hi pH, Tire & Wheel Cleaner

High foaming alkaline detergent for use in CTA or self-serve wash equipment. Pine scented for customer appeal!

UNDERBODY RP 3XC • Rust Inhibitor

Protects exposed metal parts on vehicle under-bodies from flash rusting and corrosion.

TIRE AND INTERIOR DRESSINGS

MAN-U-SHINE • Water-Base Trim & Tire Shine

Viscous product provides a nice even gloss on tires and vinyl. Intended for manual application using a brush or sponge. Can be diluted with water for a semi-gloss appearance.

GR8 GLAZE • Water-Base, Interior Dressing

Tropical scented dressing produces a nice gloss that dries without leaving an "oily" finish on plastic and vinyl surfaces so it is less prone to collect or attract dust! Produces a semi-gloss or matte finish on tires. Thin viscosity so you can spray it and it can be diluted with water.

GR8 GLAZE HYPER • Water-Base, Inside & Out Dressing

3X concentrated product for on-site dilution using a proportioner.

OUTSHINE FBS • Body-Shop Safe Dressing

Silicone free, solvent based dressing produces desired shine without jeopardizing shops with paint booths!

OUTSHINE 80 FD • Fast-Dry Coating

Hexane based so it flashes off fast depositing pure silicones to the surface for long-lasting shine and protection on tires and vinyl trim. Displaces water so there is no need to have tires completely dry before application. Grape scented.

OUTSHINE XP • On-Line Solvent Tire Shine

Super-concentrated blend of silicones in a non-flammable, V.O.C. compliant solvent provides exceptional gloss and durability on tires while using less. Formulated specifically for on-line tire shine pad or bristle type applicators but is not limited too. Does not contain mineral spirits.

OUTSHINE WB • On-Line Water-Based Tire Shine

Concentrated blend of silicones provides exceptional gloss and durability on tires. Formulated specifically for on-line tire shine pad or bristle type applicators as it is less prone to clog applicator holes after exposure to air. It can also be can be manually applied.

DETAIL PRODUCTS

CAR SCENTS • Deodorizing Fragrance Sprays

Fragrance concentrates are to be diluted with water prior to use, lasts for many days when sprayed into vehicle interiors. New Car, Jasmine, Baby Powder, Black Ice Water, Cherry, Lemon, Pina-colada, Strawberry and Vanilla. No freeze additive is available so you can make your scents hold up to 0 Degree temperatures in winter months.

CARPETECH • Carpet Shampoo

Concentrated cleaner removes spots and stains from upholstery and carpet. High or low foaming versions available! Fresh scented!

C-2020 • Glass Cleaner

Concentrated "ammonia free" glass cleaner with a fresh scented removes finger prints, smoke and film effectively.

CONQUER CARPET CLEANER • Aerosol Carpet & Upholstery Cleaner

Foaming cleaner lifts stains and soils without over-wetting the surfaces. Up-right or up-side down spray nozzles.

EB & D • Solvent Cleaner

Blend of orange solvent and butyl solvent quickly removes tar, sap, adhesive, grease, oil and other petroleum based soils from clear-coats, glass and hard surfaces. Water-rinsable.

EXPRESS WAX • One-step liquid wax

Spray or wipe on then wipe off. Removes tar and sap while depositing a high-luster wax finish lasting for 2-4 weeks.

FABRIPEL • Carpet and Upholstery Repellent

Ready-to-use spray forms a durable yet breathable barrier, repels aqueous or solid soils and spills.

FINAL SHINE & FINAL SHINE PLUS • Aerosol Spray Coating

Semi-gloss and high gloss options works well for those hard to reach areas on instrument panels and air vents.

GLU-GONE • Adhesive, Tar & Sap Solvent

Water-rinsable solvent quickly yet safely dissolves petroleum, glue and sap from vehicle surfaces and single stage paint.

INTERIOR SHAMPOO 5X • Concentrated Carpet Cleaner

1 gallon makes 5 gallons of ready-to-use cleaning solution for self-service machines.

L.C.C. • Leather Creme

Thick creme restores dehydrated and dull leather back to a soft, moisturized feel. Protects from UV ray as well.

NODOR • Deodorizing Spray

Unique product instantly "encapsulates" the odor molecule permanently for total odor control.

PERFECT VIEW • Aerosol Foaming Glass Cleaner

A quick spray and wipe of this fresh scented, foaming cleaner will leave glass without streaks and perfectly clear!

SPEED SHEEN • Quick Surface Detailer

A simple "spray and wipe" brings back show room shine and smooth feel to exterior vehicle surfaces. Strawberry scent.

STAIN AWAY • Special Stain Remover

Ready-to-use "polymer" fortified spot and stain remover!

TASK 104 & 104-D • Heavy-Duty Solvent Cleaners

Solvent cleaners remove adhesives, tar, sap grease, gum, and other petroleum based contaminants from hard surfaces!

WIPE CLEAN & GLO • No-Rinse Car Wash Concentrate

Simply dilute and spray onto lightly soiled surfaces then wipe clean with a micro-fiber towel. No rinsing is required and not only does it clean but it also deposits protection and gloss enhancers giving your car a "just waxed" look and feel!

MAKE SCENTS

MAKE SCENTS • Fragrance Ultra-Concentrates

This solutions allow you to be able to have any fragrance you desire by simply injecting them with any of your unscented products by using a "dual draw" hydrominder eductor or injector. Choose from over 20 scent options that we regularly have on hand and seasonal scents are offered as well.

BAY CLEANERS AND MORE

ALTRA FR 200 WG • Glycol Hydraulic Fluid

Utilizes patented technology and complies with ASTM ratings to ensure the best performance in many types of hydraulic systems. Colored red for leak detection.

ALUMINATE HD • Heavy-Duty Acid Cleaner

Sulfuric Acid and Hydrofluoric Acid based formula cleans stainless steel and aluminum as well as other extremely soiled surfaces like floors and walls. Removes rust, soap scum, minerals, efflorescence and more. When all else has failed this product performs.

AUTO DISH • Ultra Degreasing Soap

A substitute for Dawn Ultra but has been modified to focus on the needs of car washers and detailer's which is "degreasing." Use to degrease and clean equipment, cloth, walls and vehicle surfaces. Orange scented and creates long-lasting foam.

BAY BRITE • Acidic Floor & Wall Cleaner

Mild lo pH cleaner was designed for everyday use ensures soap scum and grime is removed safely.

CITRUSTRIP • General Purpose Cleaner-Degreaser

Concentrated blend of degreasing detergents, orange solvent and butyl solvent tackles oils, soils and grime without being harsh to surfaces.

D.B.S • Solvated Detergent

Ultra-concentrated blend of orange solvent, butyl solvent and surfactants provides "solvent like" performance yet can be diluted with water for light-duty tasks.

DGR 80 HD • Heavy-Duty Alkaline Cleaner

High caustic cleaner breaks down heavy grease, exhaust, waxy soils and other build-up. Does not contain solvent.

F.W.C. • Muriatic Acidic Cleaner

Effectively removes cement, hard water deposits, scale, soap scum and rust from equipment, walls and floors.

H.D. LAUNDRY DETERGENT • Concentrated Liquid

1/4-1/2 cup will get your micro-fiber towels, uniforms and other garments cleaner than ever.

MOSS REMOVER • Mold & Mildew Remover

Unique liquid dries up algae, mold and mildew making it easy to remove from all surfaces including car wash cloth.

NUTIN BETTER • Heavy-Duty Hand Cleaner

Amazing hand cleaner is packed with a high concentration of crushed walnut shells, detergents and lotions to remove heavy soils while keeping your hands soft!

ORANGE CLEAN 50 WS • Dilutable Orange Solvent

Dilutable orange solvent allows you to be able to determine strength for tasks at hand. Removes sap, grease, oil and some adhesives.

PFC • Powder Floor Cleaner

Wet, sprinkle, scrub and rinse! Floor cleaning is that easy with this effective "powdered" detergent.

RED DEGREASER • Alkaline General Purpose Degreaser

Alkaline general purpose cleaner removes grease, oils and other soils from almost any washable surface. Citrus scented!

RED DEGREASER XXX • Powerful Butyl Degreaser

Power alkaline cleaner with lots of butyl solvent to break down petroleum based and tacky soils more effectively.

SAW • Safe Acid Wash

Non-corrosive acidic formula effectively removes soap scum, light rust, hard water spots, alkaline scale, grime and other contaminants without harming employees or surfaces when used as directed. Approved on Extrutech panels.
