PINK FOAM BRUSH

A premium pH-neutral, high-foaming car wash detergent engineered to provide exceptional cleaning, lubrication, and foam coverage without the use of acidic or alkaline builders. Its high concentration of premium surfactants safely lifts and suspends soils while providing excellent lubricity, helping brushes and other friction media glide smoothly across vehicle surfaces. Use as a general soap foam in automatic friction washes or in foaming brush applicators in self-service washes.

Pink colored foam infused with our custom triple berry fragrance, fills the wash bay and vehicle interior combining high-performance cleaning with a fresh, memorable sensory experience.
